FACULTY

PRESIDENT CLEMENT

Bob Clement has been President of Cumberland University since June of 1983. Under his leadership, a lot of positive changes have taken place, the most recent being the accreditation of our school. On December 3, 1985, the Commission on Colleges of the Southern Association of Colleges and Schools announced Cumberland University's full accreditation as a baccalaureate degree granting institution. Thanks to President Clement's dedication, 1985-1986 is definately "A Year of Change."

WORKING ADULT DEGREE PROGRAM GRADUATES

The Cumberland University Working Adult Degree Program became a reality in 1984. It has since grown a great deal. This program is designed to enable working adults to pursue a college degree without the necessity of released work time in order to attend any classes on a college campus. The working adults who have become a part of the Cumberland University family have added to the strength of the University, its student body, and service to the state and region. It is the hope of the University that we have made a significant contribution to the working adults who have participated and to those who will do so in the future.

As editor of the 1986 Phoenix, I would like to thank all the people who put their efforts into making the Phoenix a success. To the staff, I appreciate all the help and patience with me when my patience with you was running low. To Laura Dyer, Bill Fletcher, Alan Ricketts, Dennis Smith, and Toby Tobler for their contribution of pictures for the yearbook. To Tiffany Dunlap and Teresa Lawson for their hard work and advice. I would especially like to thank Mrs. Frankie Kinnard for having enough faith in me to believe that the yearbook would be completed. The staff and I hope as you turn the pages of your copy of the Phoenix, you can remember all the good times at Cumberland University. We will. Enjoy your 1986 Phoenix.
